Product Highlight

Mobile Scanner

A truly mobile device in every sense of the word, Xerox Mobile Scanner gives you the power to take the information in your hand and share it with the world in seconds. It needs no cables or computer to operate. It talks to your devices or cloud over Wi-Fi and lets you send your document anywhere your mobile device will take you...as simply as handing someone a sheet of paper.

DocuMate 5445/5460
